

SOIL WASTAGE WAS DISCUSSED

Professor Chamberlain, Former Resident Of Rock County, Talks At Washington Meeting Today.

EARTH WILL LAST FOR CENTURIES

Geologist Says That Science Shows Us We Are Not Deteriorating. As Alarmists Would Have Us Believe--Interesting Discussion Of Soils.

Washington, D. C., May 14.—President Roosevelt personally called the second day's session of the National Resources conference to order this morning and invited Governor Johnson of Minnesota to preside. James J. Hill was the first speaker of the morning and he was followed by Professor Chamberlain of the University of Chicago. Professor Chamberlain is a former resident of Rock county and his talk on Soil Wastage was a most interesting paper. This afternoon Governor Johnson of Illinois was called to the chair to preside over the session. In opening his address this morning, Professor Chamberlain said:

"To give thought to the future speaks to me with peculiar force, because recent studies have led me to the belief that the earth's future habitability is vastly greater than we have been wont to believe. It is a common error at the beginning of our era and is plunging on to catastrophe, but a final winter in the near future, but I have come to believe that the earth arose from a regenerative process and offers a fair prospect of habitability for tens of millions of years to come. "It is a new conception of geology that climatic conditions have been much like the present from early times, in spite of some notable variations, and that this general uniformity is the result of a profound regulating system which has kept the temperature and the constitution of the earth's atmosphere within the narrow range congenial to life. For many millions of years, as a result there has been no complete break in land life since it came into being ages ago. It is further conceived that the sources of the vital supplies are still adequate and likely to continue so for eons, that the regulating system is still in effective control and that a vast future of habitability may fairly be predicted, subject only to some contingencies of disturbing approach or collision with celestial bodies."

HARRY THAW CASE BEING HEARD IN COURT ONCE MORE

Prospects That Arguments Will Take Greater Portion of the Day to Finish.

[BY ASSOCIATED PRESS.]
Poughkeepsie, N. Y., May 14.—The hearing on the hearing corpus writ in Harry K. Thaw's case was begun at eleven today. The prospects are the arguments on the question of the legality of Justice Downing's commitment of Thaw at Matteawan would occupy the entire day.

CONVENTIONS ARE ORDER OF THE DAY

Commercial Travelers Gather For Different Councils and Conventions.

[SPECIAL TO THE GAZETTE.]
Parkersburg, W. Va., May 14.—A small army of "drummers" is invading Parkersburg in anticipation of the annual grand council meeting of the United Commercial Travelers. The convention, which will be in session during the remainder of the week, is attended by a large number of delegates from Kentucky, Virginia, West Virginia and the District of Columbia. The annual reports prepared by the officers show the affairs of the order to be in a highly satisfactory condition, with a steadily increasing membership.

COMMERCIAL TRAVELERS GATHER FOR DIFFERENT COUNCILS AND CONVENTIONS

[SPECIAL TO THE GAZETTE.]
San Antonio, Texas, May 14.—San Antonio has given a royal welcome to the scores of commercial travelers, their wives and daughters, who are flocking into the city for the annual convention of the Texas Association of the Travelers' Protective Association. Every important city of the state is represented among the visitors, in whose honor San Antonio has been fully decorated. The real business of the convention will be taken up tomorrow morning and continued over Saturday. Contests for officers and for the honor of entertaining the next state convention are already attracting much attention among the delegates. The plans for the entertainment of the visitors are of an elaborate character.

Commercial Travelers to Meet.
Decatur, Ill., May 14.—Many delegates and visitors are arriving in this city for the annual state convention of the United Commercial Travelers of America. About 600 members, many of them accompanied by their wives and families, are expected to be in attendance when the real business of the convention begins tomorrow morning.

TAFT GETS DELEGATES FROM THREE MORE STATES

North Dakota, Oregon And Washington Conventions Elect National Delegates.

[SPECIAL TO THE GAZETTE.]
Minot, N. D., May 14.—The republican state convention to choose delegates and an equal number of alternates to the Chicago convention was called to order in the opera-house this morning. The rivalry between the two factions of the party, the "stalwarts" and the "insurgents," lends interest to the convention, as reflecting the probable line-up and relative strength of the factions in the national contest to come. Both factions are for Taft, so the contest has no outside significance. The convention is expected to give a hearty endorsement to the presidential candidacy of the Secretary of War.

Another State For Taft.
Spokane, Wash., May 14.—The republican leaders of Washington have rounded up here today to elect both delegates-at-large and the district delegates to the national convention. Though the La Follette candidacy has attracted some attention in this state it has apparently made no serious inroad on the Taft strength and the indications are that Taft will be endorsed by the state convention with little or no opposition.

Oregon Favors Taft.
Portland, Ore., May 14.—The republican state convention of Oregon is in session here today for the selection of delegates-at-large to the national convention. Sentiment among Oregon republicans is overwhelmingly in favor of Secretary Taft, for the presidential nomination and it is accepted as a foregone conclusion that the state convention will give the candidacy of the Secretary of War its endorsement.

Virginia Negroes Against Taft.
Richmond, Va., May 14.—Negro republicans of Virginia met in convention here today to choose delegates to the national convention at Chicago. The delegates chosen will contest for recognition with the delegates selected at the recent state convention of the "illy white" organization. It is assumed that the negro convention will instruct its delegates to vote against Taft.

Georgia Republicans Divided.
Macon, Ga., May 14.—A republican state convention to name a state ticket and select a national committeeman and delegates to the national convention assembled here today. The so-called regular republican organization, which includes the state committee, is composed of friends of the administration and favors Taft for the Presidency. The organization known as the Republican State League, however, intends to fight any endorsement of Taft and rival delegations to the national convention probably will result.

Minnesota For Johnson.
St. Paul, Minn., May 14.—"John A. Johnson for President" was the slogan of the Democratic State convention. Nearly 1,000 delegates and many visitors filled the Auditorium when the convention was called to order at 11 o'clock this morning by Chairman Frank A. Day of the state committee. Earlier in the forenoon the delegates from each of the congressional districts had met in caucus and selected the names of two delegates to be recommended to the convention. Though defeated in the primaries last week the supporters of William J. Bryan were reluctant to give up the fight. Despite anything the Bryan element may do, however, it is regarded as a certainty that the twenty-two delegates from Minnesota will cast their votes for Governor Johnson at the Denver convention.

ASSAULTS OLD MAN; PAYS FINE OF \$25

Gustave Zillig Convicted of a Brutal Attack on an Old Soldier.

[SPECIAL TO THE GAZETTE.]
Milwaukee, Wis., May 14.—After being subjected to a severe grilling by Attorney Fred Knapp and Assistant District Attorney Edwin F. Van Vleet, in which "brutal, inhuman, uncalled for violence," and similar terms were freely used against him, Gustave Zillig, candidate for nomination for mayor at the primaries, was fined \$25 and costs by Judge Neelan in police court this morning. The charge was assault with intent to do great bodily harm preferred by Bernard Hennings, an old soldier.

EROSION BY LAKE CAUSES TROUBLE

Is Taking Out Fifty Feet a Year on North Lake Shore at Manitowoc.

[SPECIAL TO THE GAZETTE.]
Manitowoc, May 14.—Inroads which the lake has made upon north lake shore property and the failure of the pier and wharf erected by the city and private property owners at a cost of from \$20,000 to \$40,000 to prove effectual, in causing city officials much worry and heroic steps must be taken if the north side of the river is to be protected. Within a year more than fifty feet of land has been carried into the lake and residents on the east bank of Fourth street, bordering the lake, must remove their houses to save them. Contracts have been awarded to C. W. Kennedy for the removal of two houses owned by M. H. Murphy and Judge J. B. Anderson will also remove two dwellings which are on the lake bank and which now are but ten feet from the lake. The Little Manitowoc railway, a farm highway, is in danger and the situation is such as to cause general alarm.

MANITOWOC PLANT IS TO BE CLOSED

Cold Storage Plant of Northern Grain Co. to be Closed and Offered For Sale.

[SPECIAL TO THE GAZETTE.]
Manitowoc, Wis., May 14.—Under order of the board of directors, the cold storage plant of the Northern Grain Co. in this city has been closed and offered for sale. The 30-acre sheep farm of the company is also to be abandoned as a business of the concern and will be sold. The two industries have been in operation about four years and last year a complete modern refrigerant plant was installed at the cold storage, making the plant one of the best in the state. The sheep farm has been conducted for wool shipping and large shipments have been made every year. The closing of the plant follows the inauguration of a new management, under direction of President McCormick, of Seattle, Wash., and Gen. Mrs. Charles of Chicago. The loss of the plant is a blow to the city and business men will interest themselves in an effort to have the cold storage sold to some one who will operate it here.

BEET WORKERS ON SPECIAL TRAINS

THREE HUNDRED AND TEN CAME FROM CINCINNATI TO RACINE COUNTY.

LOCAL COMPANY IS BUSY

Has Now Seven Thousand Two Hundred Acres of Beets Already Contracted For.

On a special train of six coaches and five baggage cars, the Rock County Sugar company this week landed three hundred and ten beet sugar workers in the Racine and Kenosha districts, bag and baggage, household goods, dogs and children. It was the largest single importation of laborers into Wisconsin ever made and is to be followed by several more later in the season, many of the beet workers coming to Janesville to be distributed in the local field.

Big Acreage.
LaFayette Myers, chief agriculturalist of the company said this morning:

"We have a total of seven thousand two hundred acres of beets now contracted for, the biggest run this factory has ever had and there are going to be more beets grown in southern Wisconsin this summer than ever before. This shipment spoken of into Racine and Kenosha counties is but a part of the skilled beet laborers we expect to import into the state this summer to aid the farmers in growing their crops."

Came From Cincinnati.
"There were eleven cars on the special train from Cincinnati, five for baggage and household goods and six for passengers. It was not a freight train as announced with live accommodations. The workers are all experienced in the beet fields and were distributed through the district where we have some two thousand five hundred acres now under contract. The majority of it for the first time. Later we shall import more from Chicago for the Rock and Dane county districts."

Many Nationalities.
While the majority of the train load were Germans, many were Russians and Italians. With their household goods and families they made a considerable colony. Several of the cars were switched off on route to Racine where the remainder of the party unloaded. In all there were eighty families on the train. All were young and both men and women will work in the beets. They will be furnished houses by the farmers where they are placed and will board themselves."

CALIFORNIA IS A WONDERFUL STATE

But Victor P. Richardson Was Not Convinced That It Was a Better Country to Live In Than Wisconsin.

California is a wonderful state, but the beauty spots are separated by dreary stretches of desert and the gorgeous flowers which bloom so luxuriously in certain favored localities hardly make up for the almost total absence of green grass. For those reasons and kindred ones the inhabitants thereof who shuddered at the mention of Wisconsin, shuddering the threat of eternal winter, and avowedly boasted their own land of sunshine (and want rain) were unable to unload any orange groves on Victor P. Richardson, who has just returned from a lengthy tour of the Pacific coast. According to the Janesville Herald, times are dull in the far west as well as in other sections of the country. On this account the work of rebuilding San Francisco is lagging somewhat behind its former pace. While it is claimed that 14,000 buildings have been erected there since the fire and more space already enclosed than ever before, a large portion of those structures are but temporary affairs—one-story makeshifts which will presently be torn down to make way for handsome business blocks. At Los Angeles Mr. Richardson saw Jim McLean, who is still prospering with his large rooming house, and Charles Foster, and at Portland he met Fred Van Kirk and Millard Lee, two more former residents who have found success and happiness in a new country.

LAWS ARE SPECIFIC AS TO REQUIREMENTS

Application For Naturalization Papers Must be Made at Certain Time Fixed by Law.

If there are any foreign born saloon keepers in Janesville, who have failed to take out their naturalization papers before this will find themselves in a predicament when license time rolls around. The law provides that the application for papers must be posted three months before final papers can be issued and many of those who are now applying for their papers can not receive them before July 1.

ENTERTAINED AT BRIDGE FOR MISS HELEN DEWAR

The Misses Vera and Elizabeth Wilcox Were Hostesses to Small Company Last Evening.

At the A. J. Harris home on Sinclair street last evening the Misses Vera and Elizabeth Wilcox entertained for Miss Helen Dewar of Chicago, who is visiting with Miss Hazel Spencer. There were five tables of bridge and the prizes were captured by Miss Grace Valentine and Stanley Duvall. A delicious buffet luncheon was served at the conclusion of the playing and the balance of the evening was devoted to music and dancing.

W. C. T. U. HELD ENJOYABLE SESSION

Meeting at Broadhead of the Green County Association Proves Very Profitable.

Broadhead, May 14.—About thirty-five delegates of the county W. C. T. U. gathered in the Congregational church in this city on Wednesday morning pursuant to call, with the president, Mrs. Hannah Rodewick of Juda, in the chair. The first meeting was mainly organization of the convention. The address of welcome was made by Mrs. A. A. Ton Eyck who in well chosen words welcomed the visitors to the city and its homes. The response was by Mrs. Elvira M. Monroe who answered in a happy manner. Following there were reports by the various committees, superintendents of departments and county officers. Devotional services led by Mrs. M. A. B. Smith the state organizer and lecturer of Madison, closed the forenoon session.

The afternoon session was made up in the main by papers. That by Mrs. T. D. Jeffery of Monroe on Scientific Temperance Instruction was very interesting. "Social Purity," by Mrs. Elvira M. Monroe was also full of thought and good arguments. "Physical Culture," by Mrs. Smith of Madison, was taken care of in an able manner. Mr. Smith handled the subject with familiarity. "L. T. L. Work" was taken care of by the state president of this branch, Miss Money of Milwaukee. Miss Money handled the matter as one who knows and the paper was the best of the session. "Doea Prohibition Prohibit?" by Mrs. Kate Taylor was also ably presented, showing thought and study and the force of her arguments was plainly felt. A vocal solo by Miss Nellie Starr of Broadhead was enjoyed by all present.

The evening session consisted of devotional services led by Revs. Foster and Smith of this city. Music, a reading by Miss Josephine Fitzgerald of Albany and an address by Mrs. Smith of Madison, a collection, more music and adjournment until this morning.

GRANT FISHER AND BILTMORE RATTLED

May Have Casual Encounter as a Side Incident to his Business Trip to Asheville, N. C.

Grant H. Fisher, who returned to Janesville from Milwaukee last evening will depart tonight for Asheville, North Carolina, to consult with a brother-in-law regarding the installation of the machinery in a butter-box factory in which they are to be jointly interested. Popple is to be the raw material used and it will be secured from the considerable tract of this timber and yellow pine, which they own. George Vanderbilt's famous Biltmore estate, is located on the outskirts of Asheville and incidentally Mr. Fisher is looking forward to some adventures with the large tribe of rattlesnakes, which have been planted there to kill off the mules. If all goes well he will be back in this city next week Thursday.

LAST TO ESCAPE FT. WAYNE FIRE

C. S. Poole of Racine, Who is in the City Today, Had Experience He Will Never Forget.

C. S. Poole, who is here today in the interests of the Dr. Shown medicine institution at Racine, was the last man to escape alive from the Ft. Wayne hotel fire. His room was on the sixth floor and the occupants of the rooms on either side of him perished in the flames. At the time he was awakened he could see the flames in the corridor through the transom over his door. Without delaying to put on much of his wearing apparel, he snatched a heavy woolen blanket from the bed; ran to a bath-tub and saturated it with water; and throwing it over his head and body, made his way out the door and down the hallway on hands and knees. He had located the fire-escape before retreating and though his undershirt was practically burned off his body and his flesh blistered in the attempt, he was able to reach it and effect his deliverance. A week ago Tuesday Mr. Poole was in a railroad wreck between Racine and Kenosha.

Mr. W. W. Greenwalt who has been very ill with pneumonia at the home of his sister, Mrs. J. L. Donahue of Broadhead is very little better at this writing.

Mrs. Anna Bertha and Clara Castor were sick last week with bad colds and stomach trouble.

Mr. and Mrs. Clark Olin spent Sunday with his mother.

Misses Ruth and Fannie Douglas of Broadhead dined on Grandin Olin Sunday afternoon.

Mr. and Mrs. Nelson Olin are moving in with James Pich. Mr. Nelson will work Mr. Pich's farm.

Plum, cherry and apple trees are in full bloom.

What Becomes of Them?
An old friend informs me that worn-out billiard balls are cut up into dice. Worn-out footballs are hung on walls as relics. Worn-out baseballs fall into the hands of the streeturchins, who ultimately tear them apart and play with the rubber insides. Worn-out moth balls are used to keep the tarnish off silver. Worn-out golf balls are lost.—New York Press.

NOVEL TOURNAMENT MIGHT BE ARRANGED

Local Golfers Interested in the Work of the Club Whose Course is Being Surpassed in the Country.

With the advent of spring, a premise that the rains will not continue indefinitely, members of the Shingle-ship Golf club are now laying their plans for a merry and busy summer season. The House Committee have installed several changes in the house which includes electric lights, painting of the interior, improvements in the culinary department and general overhauling of the clubhouse. The greens and games committee are working on a schedule of interesting tournaments for members and several dual meets with Rockford and Madison are in contemplation. Putting contests for those who enjoy the club dinner and dance following, are being arranged for making an ideal summer's program for both the active and associate members. Already many of the enthusiasts are regular players afternoons and Sundays and as the weather warms up more will enjoy the sport.

Among the unique propositions that is presented this season by the Shingle-ship players is the Club team of twelve "Young Old Golfers" who issue an open defiance to any twelve players over fifty years of age for a special tournament to be held on the local course. Few clubs of the country can boast of such a team and the interest in the game which the members of it show bids fair to make a contest, if arranged with any outside club, not only a novelty but one of wide importance to the local club. The Shingle-ship club has just become a member of the Western Golf Association with a total membership of one hundred and fourteen clubs and in view of this fact the challenge of the Twelve will be noted with interest by all members of the association. The names and ages of the challengers is given out as follows:

Name, Age Name, Age
Wilson Lane, 55 John Rexford, 55
P. E. Pfaff, 54 H. S. McGiffen, 50
A. M. Valentine, 53 J. P. Baker, 55
C. C. MacLean, 51 G. Carter, 50
O. Sutherland, 58 P. W. Morgan, 55
William Hudson, 55 P. C. Grant, 55

Aside from this team there will be the regular club team and also it is understood several players who will train for the state tournament which will be held later in the season. Janesville has always been well represented in both the first and the consolation in these tournaments and has twice narrowly missed claiming a state championship, so that this season special attention will be given to this part of the summer's play.

AUTHORITIES WILL TAKE RADICAL STEPS

Commissioner Beedle is to Proceed Against Companies Which Do Not Prescribe to Law.

Following an opinion by Attorney General Gilbert, Insurance Commissioner Beedle of Madison will proceed against the Rock County Benevolent society, an organization which is operating an insurance business as defined by the Wisconsin statutes without complying with the law. The society collects \$2 as a subscription fee, \$1.50 of which goes to the agent who solicits the member, the expense of preparing the membership certificate being about 30 cents, leaves a balance of 20 cents, which the insurance commission is informed goes into the pockets of the company, which has no charter nor articles of incorporation. The attorney general holds the thing to be unlawful and its agents subject to the penalties of the law.

WILL NOT ACCEPT THE DAMAGES NOW

Riverview Park Residents Appeal From Council's Decision in Grading Case.

Riverview Park residents, the reassessment of whose property was ordered by Judge Graham at the conclusion of their actions brought against the city for unjust assessments of benefits for grading work which really damaged their properties, have now appealed again to circuit court from the action of the street assessment committee in reassessing damages on the following basis:

Frank Hahn, \$101.50 damages.
Farmer W. Christman, \$28.55 damages.

William Dettmer, \$168.80 damages.
They claim that the amount of damages allowed is much too small and the whole matter will have to be thrown out again.

Concluding arguments were made this afternoon in the \$5,000 damages case of the Second St. bank of Beloit vs. the Beloit Water Power Co., by Atty. Gen. Wheeler, and Jeffers. It is expected that the judge will charge the jury tomorrow morning.

The next case on the calendar is that of Emley vs. Peterson, a ditch trespass action taken upon an appeal from Justice Tallman's court.

Jurors from the present panel will try the grading cases during the present term, by agreement among the attorneys representing the appellants and the city.

ISSUE WARRANT FOR ARREST OF E. BELOW

Man with Criminal Record Wanted by Police for Criminal Assault.

[SPECIAL TO THE GAZETTE.]
Oshkosh, Wis., May 14.—A warrant has been issued from the municipal court for the arrest of Ernest Below of Whitehouse upon a charge of criminal assault upon his thirteen-year-old stepdaughter, Katie Buckley. The alleged assault is said to have taken place on December 16th, in this city at which time the family made Oshkosh their home. The girl is in a serious condition. Below has a notorious criminal record.

WORK FOR WOMEN.

How They Can Help to Make Towns Wholesome Places to Live In.

Much in the line of town improvement work can be accomplished by women. In the May Dellinor a writer tells some of the things a woman can do—namely:

Abolish unnecessary noise.
Establish traveling libraries and so bring reading matter within the reach of all.

Help to save the forests from demolition.
Clean up her own back yard and make it such a thing of beauty that it will be an inspiration to her neighbors.

See that the health of her fellow citizens is cared for by securing the appointment of a public nurse whose duty is the care and instruction of the poor.

Secure lighted streets at night and thereby prevent crimes.
Insist upon paved sidewalks.

Demand clean streets and get them.
Get rid of tramps by having an ever ready town wood pile—no work, no pay.

Help to prevent the injustice of child labor.
Do away with immoral theaters, moving picture shows and postal cards.

Beautify her street with window boxes.
Prevent telephone and telegraph companies from backing off and mutilating the branches of trees.

Prevent much loss of life by insisting that all wires be underground.
Arouse public interest in the public welfare.

Keep her garbage box clean and covered and insist upon her fellow citizens doing the same.

She can do because she has done every one of these things. And when she does them all towns and cities will be clean, happy, wholesome places in which to live.

AN APPEAL TO WOMEN.

They Should Trade at Home as a Matter of Duty.

Ladies, are you doing your trading at home? I don't mean all of it, but so much of it as you can, writes Richard A. Hasto in a recent magazine. Before you send to the city are you giving your home merchant a chance to sell to you or to send and get what you want? You want this merchant's help to make your home town a better place to live in. Now and then you want a donation of \$5, \$10 or \$25 for a worthy purpose; it may be the building of a church or the establishment of a hospital or it may be the parking of a street.

Are you doing all in your power to help this merchant in his business so that he may be able to give to these worthy objects?

Are you advising your friends to trade at home, even if you can save a dime by sending away?

Or do you belong to a soap club and get your soap, your sugar, your coffee and a thousand other things sent you by mail and express?

Have you a collection of catalogues in your house to which you go when you want a rug or a piece of furniture?

Are you a "premium trader?"
Are you always trying to get something for nothing? You will never get it.

But that does not matter. While you are trying you are the worst possible enemy your own community has. You are false to your first civic duty. And all that you may do toward the improvement of your home town will be futile as long as the lifeblood is being drawn away.

Show This to Your Wife.
If the water is good and hot, washing dishes can be made a poem in the program of duty.—Manchester Union.

The Wisconsin delegation of the national republican convention, which meets at Chicago on June 16, has engaged rooms at the Grand Rapids hotel and two suites on the first floor have been engaged on the La Follette headquarters. Some of the delegates will stay here and for others rooms have been engaged at the Palmer house. They will be in Chicago the morning of June 15.

Arrangements are being made for having a large contingent of boosters at the convention. It is anticipated by those who know of the affairs of the campaign in the state that possibly 2,000 people will go to Chicago on that occasion.

To Choose Alternates Friday

This week Friday there will be a meeting of the state central committee in Milwaukee to select alternates to the national convention. There are 26 delegates and all but one, Walter Alexander of Wausau, was pledged for La Follette. It is said that the alternates will all be La Follette men and that no Taft alternates will be selected to go in the place of Mr. Alexander, were he detained in the state for any reason.

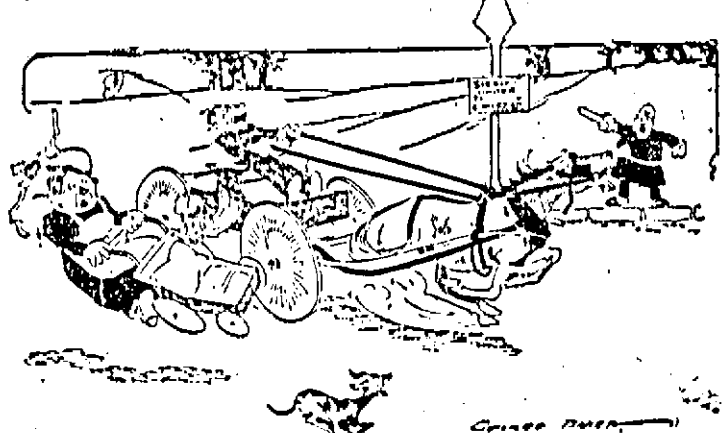

There are only two men who have been spoken of as alternates from the Madison district to go in the place of Alfred T. Rogers of Madison and Horace Steedman of Berlin. These men are Dr. L. A. Wright of Columbus and Dr. W. F. Whyte of Watertown. There seems to be but little doubt here that these two men will be selected.

May Organize Before June

It is quite possible that a meeting of the delegates will be held in Madison before the convention at which the matter of organization and leadership of the delegation may be determined upon. This matter has been discussed among the leaders during the past few days but it has been determined not to decide until after the alternates are selected next Friday.

In spite of the fact that the Taft men are strong La Follette men here, men are piling up votes continually who have an idea there will be a break in the convention and La Follette may be chosen. The names of the delegates to the convention from Wisconsin are: At large: Isaac Stephenson, Marinette; Congressman H. A. Cooper, Racine; William C. Brumder, Milwaukee; Atley Peterson, Soldier's Grove; First district: H. C. Martin, Darrington; Perry C. Wilder, Evansville; second district: A. T. Rogers, Madison; H. E. Steedman, Berlin; third: J. T. Dithmar, Elroy; Duncan McGregor, Platteville; fourth: W. H. Kieckhefer and F. C. Lorenz, Milwaukee; fifth: Henry Lockney, Waukesha; sixth: William Martin, Fond du Lac; Henry Kummer, Plymouth; seventh: W. L. Honer, Mondovi; Edwin M. Wing, Manitowish; G. B. Nelson, Stevens Point; eighth: T. E. Torrison, Janesville; ninth: S. J. Bradford, Hudson; J. T. Murphy, Superior.

CLEVELAND MAN WRITES ABOUT ATTEMPT TO LURE HIM.

Officials Deny Dr. Schell Has Told of Lamphere's Statements — Prosecutor Smith Receives Threatening Letter.

Laporte, Ind., May 14.—Denials by Laporte officials that Rev. Dr. R. A. Schell had revealed to them the substance of his conversations with Lamphere, and the discovery of evidence that Mrs. Della Guinness was aided by an accomplice in luring her victims to the farm were the chief developments in the case Wednesday.

H. W. Worden, attorney for Lamphere, issued a formal statement that he had given his client strict injunctions not to discuss the charges against him, concluding: "The fact is that Lamphere has never made a confession to any one and never will. He has nothing to confess."

The evidence regarding the aids of Mrs. Guinness came in a letter from a resident of Cleveland addressed to the local chief of police, Clinton Cochran. It told of the writer's having met a stranger in that city last August who gave him a photograph of "a rich widow who resided in Laporte" and tried to persuade him to come here to see the woman. The photograph is a fairly good likeness of Mrs. Guinness and was evidently taken some time ago.

Fused Metal in the Ashes.

Louis Schultz, the miner who is shielding the ashes and clinders from the cellar of the Guinness house, turned over to Sheriff Smutzler a number of pieces of fused metal which he had found in the tallings of the sluice box. Several of these relics are globular and believed to be bits of gold.

Schultz also found some small pieces of bone. One of these, the sheriff says, is thought to be a portion of a vertebra.

Prosecutor Is Threatened.

Ralph N. Smith received a letter threatening him with death unless he abandoned the prosecution of the Guinness affair. Another communication to the attorney purported to reveal the fact that Mrs. Guinness is alive.

Enslaved of Otago City, Kan., is the latest addition to the list of possible victims of the farm. A letter inquiring about him came to Coroner Mack.

Woman Feared Lamphere.

A new witness regarding Mrs. Guinness' fear of Lamphere was found Wednesday. Bertha Schultz, a clerk in a local dry goods store, said that the woman was in the store several days before the fire and told her that she was afraid that Lamphere would set fire to the farmhouse. Miss Schultz, it is said, will repeat this conversation before the grand jury.

Sheriff Schmutzler's investigations were again hampered by rain. Heavy showers drove the workmen to shelter on several occasions but considerable progress was made. A force pump was installed to help out the windmill hitherto depended upon for a water supply and Schultz was enabled to sluice and pan a considerable amount of the debris.

Overcome by Heart Failure After Celebrating Mass.

Canton, O., May 14.—Rev. Ignatius F. Horstman, bishop of the Catholic diocese of Cleveland, was stricken with heart failure here Wednesday after having celebrated mass at St. John's church. He remained unconscious for some time but finally responded to stimulants. Later, however, he suffered another attack and died at 9:30 o'clock.

Pathetic Death of Aged Woman.

St. Louis, May 14.—After having traveled all the way from Seattle, Wash., to visit her son, whom she intended to surprise by her arrival, Mrs. E. A. Thompson, aged 80, died in Union station Wednesday soon after having stepped from her train and while awaiting the arrival of George W. Thompson, her son, to whom she had sent word.

Three Bribe-Takers Fined.

Rockford, Ill., May 14.—Dr. E. C. Dunn, John Muck and C. H. Woolsey, ex-aldermen, who were indicted Wednesday for accepting bribes from the Central Heating and Power company, pleaded guilty and were fined \$2,000 each.

Falling Rock Kills Miners.

Wilkesbarre, Pa., May 14.—A fall of rock and coal in the Prospect colliery of the Lehigh Valley Coal company at Midvale near here Wednesday killed four mine workers and injured three others.

ARTHUR RAYMOND.

The St. Louis Cardinals think they have a find in Arthur Raymond. As a slugging outfielder for league caliber, Raymond has only been in action four times this year, but has made a record for himself just the same. In the game he pitched against the Cubs he held them down to one doubtful hit in nine innings. Raymond comes to St. Louis from the Cotton states and South Atlantic leagues. He pitched no hit games there and ought to make good with the Cardinals this year.

THE AMERICAN FARMER

Herbert N. Casson contributes to the May "Review of Reviews," an article on "The New American Farmer," which is so full of startling facts that it seems almost beyond comprehension. The reading of it will inspire in every farmer a spirit of pride and will convince any mind that nature's resources are not affected by paucity. Mr. Casson says, in part:

"If the American farmer went out of business this year he could clean up thirty thousand million dollars. And he would have to sell his farm on credit; for there is not enough money in the whole world to pay him half his price."

"Talk of the money-mad trusts! They might have reason to be mad if they owned the farms, instead of their watered stock. When we remember that the American farmer owns enough in seventeen days to buy out Standard Oil, and enough in fifty days to wipe Carnegie and the steel trust off the industrial map, the story of the trusts seems like the short and simple annals of the poor."

"One American harvest would buy the kingdom of Belgium, king and all; two would buy Italy; three would buy Austria-Hungary, and five, at a spot-cash price, would take Russia from the czar."

"Talk of swollen fortunes! With the setting of every sun the money-box of the American farmer bulges with the weight of twenty-four new millions. Only the most athletic imagination can conceive of such a torrent of wealth."

"Place your finger on the pulse of your wrist, and count the heartbeats,—one, two, three, four. With every four of those quick throbs, day and night, a thousand dollars clatters into the gold-bln of the American farmer."

"How incomprehensible it would seem to Pericles, who saw Greece in her golden age, if he could know that the yearly revenue of his country is now no more than one day's pay for the men who till the soil of this infant republic!"

"Or, how it would amaze a resurrected Christopher Columbus if he were told that the revenues of Spain and Portugal are not nearly as much as the earnings of the American farmer's hen!"

"Merely the crumbs that drop from the farmer's table (for he is known as agricultural exports) have brought him in enough of foreign money since 1892 to enable him, if he wished, to settle the railway problem once for all, by buying every foot of railroad in the United States."

"Such is our new farmer,—a man for whom there is no name in any language. He is as far above the farmer of the story-books as a 1908 touring-car is above a jumblebug. Instead of being an ignorant huckster in a barnyard world, he gets the news by daily mail and telephone, and incidentally publishes 200 trade journals of his own. Instead of being a moneyless peasant, he pays the interest on the mortgage with the earnings of a week. Even this is lost of an expense than it seems, for he borrows the money from himself, out of his own bank, and spends the bulk of the tax-money around his own properties."

"Parading for a business, not for a

living,—this is the mold of the new farmer. He is a commercialist,—a man of the twentieth century. He works as hard as the old farmer did, but in a higher way. He uses the four M's,—mind, money, machinery, and muscle; but as little of the latter as possible.

"Neither is he a Robinson Crusoe of the soil, as the old farmer was. His hermit days are over; he is a man among men. The railway, the trolley, the automobile, and the top buggy have transformed him into a suburbanite. In fact, his business has become so complex, and many-sided that he touches civilization at more points and lives a larger life than if he were one of the atoms of a crowded city."

In speaking of intelligence he cites the fact that fourteen of our presidents came from the farm, and that the great inventors of farm machinery, include such men as Jethro Wood and James Oliver, of plow-fame, and McCormick, Slesbergh, Whitley, Miller, Marsh and Morgan, of reaper notoriety, were all farmers of the soil.

The great agricultural state of Iowa, he says, has 20,000 women and 300,000 men who make farming a profession. Their annual income is half a billion dollars, and average of \$1600 each. He relates that when the Indians sold land to the United States that the price paid was 8 cents per acre, or a total of about \$3,000,000. Some people thought the price extravagant, but today the Iowa land pays for the state four times a year.

The winter wheat crop this year, in 10 wheat growing states, is 28,000,000 acres; the crop is practically assured as the harvest will be on in the early part of May. This outlook for other cereals is equally promising, and the bumper harvest of last year, estimated at seven and a half billion dollars, is likely to be duplicated.

Under these flattering conditions is there any occasion to worry, or talk hard times? A tramp through the fields and across the valleys, with eyes open to take in the promises which nature is everywhere unfolding, should transform the pessimist and dyspeptic to an optimist with healthy digestive organs.

Little Annie Proffles, aged 11, and little Leonard Hall, aged 15, of Sergeant, Kentucky, were married by the groom's father, the other day. The little girl sobbed as she bid her dolls good-bye, but the boy has gone to work and thinks he can support the family with a little parental aid.

Kentucky is a great state, and can usually be depended upon for surprises in most any kind of a drama.

The congressional committee, appointed to investigate the paper trust and the wood pulp tariff, has spent 10 days in hearing testimony from publishers. About the only fact established is that print paper has advanced in price, \$12 per ton. This advance occurred after competition had been absorbed by consolidation brought about by the International Paper Co., which practically controls all of the mills in the country. The tariff seems to have nothing to do with it. Paper was too cheap, at the old price, but there was no occasion for so heavy an advance in prices.

The primary and general election cost Milwaukee \$100,000, and the bulk of this money came from the pockets of candidates for office. The primary law is an expensive piece of machinery. It requires the man who wants office to sacrifice his manhood in a scramble to obtain it, as well as to spend his prospective salary, yet people wonder why more good men are not in public life.

Cheer up, it won't rain all summer, and when the clouds roll by, the promises of an abundant harvest will compensate for a few days of stagnation in business. There's nothing like a cool wet spring for grass and grain, and July and August make the corn and tobacco, while the presidential crop don't mature until November.

Conundrum.
Taft now declares he has one vote to the pound; Fairbanks has about the same. Query: How many votes has Taft? How many votes has Fairbanks?—New York Press.

A New Title.
Is the Taft crowbar to take the place of the Roosevelt big stick? It has a pleasing sound, anyway, a rather industrial tone, one calculated to catch the sympathy of any number of workers. The term was used in a recent "whooping up" for Taft at a dinner of the Spokane Taft club. One of the speakers, Everett J. Smith of Walla Walla, said: "For the big stick we would substitute the crowbar with the 300 pounds of William H. Taft at the other end."—Springfield Republican.

Buds Age with Parent Tree.
According to a government botanist at Washington there is reason to believe that buds share in the growing old of the parent plant. He illustrates his meaning in this way: Suppose the average life of an individual plant—say a tree—to be 100 years, then a bud removed when the parent plant is 50 years old will also be virtually 50 years of age, and if transplanted by grafting will be able to live on the graft only 50 years more.

Heart to Heart Talks.

By EDWIN A. NYE.
Copyright, 1908, by Edwin A. Nye.

MARTIAL MORTALS.

The human race is a brave race. It is proved by the fact that it continues to live. While it requires bravery to die, it requires more bravery to live. And humanity is so smart-hearted it fights the battle of life so long as it can fight. Occasionally a tired, sick hearted one surrenders, but he is the exception.

Humanity is brave. Men and women daily face conflicts that might well daunt the intrepid gods. Think you because they go about with smiling faces there are no tasks that test all their fortitude, no sorrows that must be courageously borne?

Humanity is brave. Here is one fighting to keep in subjection his lower nature. Think of the duels he fights! Who knows the strivings of his defeats, the gallantry of his victories? He is a brave man, as brave as ever couched a lance in rest against a foe. And here is one who tackles the wild beasts in the arena of business competition and one who struggles with a great sorrow.

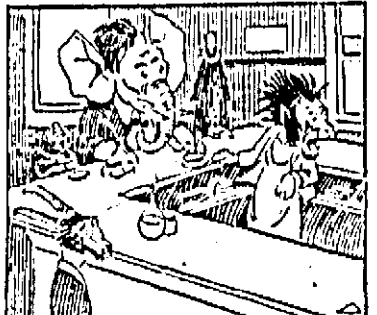

Humanity is brave. This woman faces poverty and limitations, or anxiety, or pain, strain on nerve or sympathy. An archangel might well shudder to undertake the whole gamut of suffering that comes with wifehood and motherhood. And there is no shrinking. Woman does and gives no sign. Woman lives and smiles in the front of Fate!

Humanity is brave. In this strenuous life of ours the real men and women sleep each night as the soldier sleeps—on the battlefield. And revolve wakes each martial mortal to daily battle—some to fight the good fight with hands and some with brains and some with hearts. Look about you. Is it not true? You may even see some who are fighting with broken sword.

Yes, humanity is brave. But it needs to repeat daily the prayer of Robert Louis Stevenson:

"The day returns and brings us the round of irritating concerns and duties. Help us to play the man; help us to perform them with laughter and kind faces; let cheerfulness abound with industry. Give us to go blithely on our business all this day, bring us to our resting place weary and content and unshowered and grant us in the end the spirit of sleep. Amen."

"Do yez want me to sign me first name?" she asked as she took the pen.

"Yes, your full name and middle initial, if you have any."
"Do yez want me husband's name?"
"Yes, his last name, but your own first name."

"Oh, me name before I was married?"
"No, your given name—Ellen or Bridget."

"Sure, but me name is naythur wan o' thim!"
"Well, what is it then?"
"Sure, it's Mary."

"Very well. There are others waiting in the line, so please hurry and write your name."

COURT ROOM TO STAY AS IT IS

COUNTY DADS TURN DOWN \$7,000 REMODELING PLAN.

VOTE \$5,600 FOR ROLLERS

Representatives of the Southern Section of the County Get in Some Sharp Practice on Poor Commission.

At the session of the county board today a resolution appropriating \$5,600 for the purchase of two road-rollers, one a motor chariot and the other a steam machine, the same to be paid when the special committee appointed at the last session shall report that the vehicles have been tried and found O. K., passed, \$300 was also appropriated for water-wagons. The machines to be tested out are the Austin-Western and Monarch makes. Seven supervisors, including two from Janesville, voted against the roller resolution. The seven are: E. M. Britt, George Woodruff, Thomas Clark, Eli Crall, W. T. Sherman, W. L. Shoemaker, and H. S. Stevens. According to Supervisor Woodruff, he and Mr. Britt have consistently opposed this and kindred propositions because they believe that Janesville which has to bear one-fifth of the whole expense is not going to receive a proportionate benefit. The roads are not to be improved, he claims, are not articles of commerce leading to this city. Moreover, it is his theory that scientific road-building will be found too expensive; that the rolling gravel in a mass without sprinkling will not amount to much; and that the provisions which permit the towns to borrow the machines whenever they want them will result in their having them most of the time and burning them out in a short space of time.

Turned Down Court-room Plan.
A petition signed by Judge Grimm and most of the lawyers of the city, asking that the present circuit court-room be remodeled by cutting it nearly in half from east to west, the south portion to be used as a chamber for the supervisors and the north section for the circuit court, was presented today. It is said that the acoustic properties of the present chamber are very poor; that it is too large for any use; and that the benches for spectators are antiquated and ought to be replaced. According to estimates the improvement would cost about \$7,000. When the matter was introduced this afternoon it was promptly tabled by a vote almost unanimous. The sum of \$500, however, was appropriated for re-seating the circuit court and county court chambers, and the supervisors' room on the first floor.

S. B. Kenyon's Costly Joke.
George Seebmiller, poor commissioner for the southern district, has about run through with his fund and only has about \$750 on hand, while Poor Commissioner S. B. Kenyon for the northern district of the county has about \$1,800 on hand. When the two were talking about the matter, a while ago, Mr. Kenyon jokingly offered to loan Seebmiller a thousand dollars or so. This morning Supervisor Livermore introduced a resolution providing for the transfer of \$800 from the northern district fund to the southern. The measure was passed but when the supervisors got to discussing the matter and setting the city of Beloit and the five towns which comprise Seebmiller's district over and against the fifteen towns, 3 cities, and several villages which comprise Kenyon's province, they began to feel that some injustice had been done in taking away money in this fashion and a resolution to reconsider was to be introduced this afternoon. Final action on some of the road matters brought up yesterday was also promised.

Miscellaneous Business.
The superintendent of the asylum and poor house was requested by a resolution to report at the November meeting the number of weeks' board furnished to residents of each town, city, and village during the fiscal years ending June 30, 1906, and June 30, 1907, the said items having been omitted from the reports of those years. Caroline M. Palmer and William H. Hyde, blind petitioners, filed statements to the effect that they were receiving no state aid and had incomes of less than \$250 a year, and asking for the \$100 per annum provided by law at the option of the county board. It was not expected that the business of the session could be completed today.

FIFIELD DECIDES A QUESTION OF DRUNKS

Went to Beloit Today to Hear the Case of Joe McDonald and Larry Sullivan.

Joe McDonald and Larry Sullivan, two residents of the Line City who have served a year's term each in state's prison for habitual drunkenness, were this afternoon sentenced to one year and eleven months, respectively, in the county poor farm by Judge Fifield, sitting in Judge Rosa's court. The sentence is an unusual one and was brought about by Mrs. Seemiller, wife of the poor commissioner for Beloit, entering a complaint that both men were unable to support themselves. It was on this complaint that Judge Fifield gave his unusual sentence, leaving the charge of drunkenness still on the docket, so if they try to run away or misbehave at the poor farm they can be sent to prison if the court so sees fit. Both McDonald and Sullivan pleaded guilty to the charge of drunkenness and took an appeal from Judge Rosa to Judge Fifield. Both have labored money, which they have spent in drink, and both were recently released from state prison where they spent a year for drunkenness, being sentenced by Judge Rosa.

"Money in Bank is a Staunch Friend"

The savings bank is a CONVENIENT and SAFE place for your savings, and the interest rate is consistent with safety. This bank, with its ample resources and long experience, is a guaranty of safety for your money and for interest at 3 per cent per annum compounded twice a year.

If desired, we issue you a certificate of deposit, bearing 2 per cent for 4 months and 3 per cent for 6 months; but we recommend a savings account, as you can add to it from time to time in whatever amount you desire and you can draw on it whenever you need without losing interest on what remains.

We also do a commercial banking business and are glad to open checking accounts, large or small. COME IN AND TALK IT OVER.

FLEET CHANGES COMING

NEW FORMATION WHEN SPERRY TAKES THE COMMAND.

Officers Are Guests at the Annual Spring "Jinks" of the Bohemian Club.

San Francisco, May 14.—(Extensive) changes in the formation of the Atlantic fleet will take place Friday, May 15, when Rear Admiral Thomas leads down his flag as commander-in-chief and is succeeded by Rear Admiral Sperry.

Several of the ships will be shifted to different divisions and Capt. Richard Walworth and Capt. Benton Schroeder will assume command of divisions. Capt. Walworth will be succeeded in command of the Louisiana by Capt. Knosuth Nixon and Capt. Schroeder will be succeeded on the Virginia by Capt. Alex Sharp.

The Minnesota will take the place of the Louisiana in the first division, the latter becoming Rear Admiral Emory's flagship in the third division. The Georgia will continue as flagship of the second division, with Capt. Walworth in command of the division. The Nebraska will take the place of the Virginia in the second division, the latter joining the third. The Wisconsin will be Capt. Schroeder's flagship, heading the fourth division. The Connecticut will remain the flagship of the fleet.

Practically every off-duty officer from the combined fleets attended Wednesday night the annual spring "jinks" of the Bohemian club, which is famed for its clever entertainments. It was one of the few functions that the officers have attended voluntarily, their presence at teas, parties, balls, etc., being the result of official details. The scenes and incidents of the evening were intended to recall California's golden age of romance. The setting of the "jinks" was a huge tent just where the Leavenworth trail hits the old post highway, fitted out as the "Red Dog Music Hall." There, by song and speech and dance and play, the hours were passed by the young Californians after the fashion of their Argonaut forebears.

How Tears Soothe Pain.

An abstraction of water and of albuminoid and chemical substances, at the immediate expense of the cerebral blood, takes place in the act of shedding tears. This produces the effect of a slight local loss of blood, dulling the nerve centers to pain for some instants and bringing relief to the weeper. This is the way in which tears come to the aid of the suffering soul.—Paris Cosmos.

Embroideries, Insertions and All Overs

About ten days ago when the weather was rainy and business on the road at a standstill, along came the agents of three of New York's large importers of Embroideries looking for merchants who could handle large lots if the prices were made attractive enough, as the goods had to be moved. It is almost needless to say that such lots were offered only to large merchants. Probably no house in the northwest is afforded the opportunity to see the lines of more large importers than The Big Store. Our wide and long experience in buying Embroideries stands us well in hand and the results of such experience are reflected in a very marked way in these great purchases. They Go On Sale Friday morning at 9 o'clock, continuing through Saturday.

This is a most unusual event for the month of May—a sale of NEW EMBROIDERIES in the height of the embroidery season. You must realize this and ought to make a special effort to benefit by such EXCEPTIONALLY LOW PRICES. QUALITIES are Swiss, Nainsook and Cambric.

LOT I—1000 yards of INSERTIONS 1 1/2 to 3 inches, EMBROIDERIES 6 to 18 inches, values 35 to 60c. 400 yards of CORSET COVER EMBROIDERIES, 18 inch, values up to 50c, all the newest creations, all at one price 25c

BURR OAK

Burr Oak, April 11.—The rainy weather the past week has been very discouraging to the farmer. Most of the small grains are planted, however, and many are preparing corn ground.

Mr. and Mrs. Seth Pope and daughter, Mrs. Dobbins, spent Sunday with Bell and Orrell Murwin.

Mr. and Mrs. L. Bruce spent Sunday at the parental home.

The interurban survey which runs through this locality is quite opposed by some, due to the fact that many of the farms are damaged to quite an extent. If they would follow the road it would prove more satisfactory all around. The farmers are very pleased to have the line run through here, but they object to having their farms cut by the interurban. Might we persuade them to follow the road and do less damage to the farmer as an individual.

Chas. Whelan of Janesville called in this locality Monday.

Miss Lizzie Pope and brother passed through here Saturday evening.

EDGERTON

Edgerton, May 11.—The high school orchestra, assisted by Miss Maud Bruce, vocalist, of Janesville, will give a concert in Clinton Memorial hall on Monday evening. Tickets, 25c.

SOUTHERN TOWNS
RUINED BY STORM

HALF THE PEOPLE OF GILLIAM, LA., KILLED OR INJURED.

ONLY TWO HOUSES LEFT

Tornadoes Work Severe Damage in Nemaha, Neb., in Southwest-ern Iowa and in Caney, Kansas.

Little Rock, Ark., May 14.—The Postal Telegraph company here has received a message saying that about half of the inhabitants of Gilliam, La., have been either killed or injured by a tornado and urging that relief be sent at once.

Later advices say that all the houses in Gilliam except two are demolished. Gilliam is a hamlet of between 75 and 100 inhabitants.

Nemaha Badly Wrecked. Auburn, Neb., May 14.—The town of Nemaha, ten miles south and east of here, was badly wrecked by a tornado Tuesday afternoon. No fatalities are reported. The greatest force of the storm was expended on the buildings on the one business street of the town, of which ten are a mass of wreckage. Two or three residences were also demolished.

South of Auburn, near Stella, several hard storms demolished farm buildings, but no fatalities are reported.

Woman Killed in Iowa. Des Moines, Ia., May 14.—A cyclone swept into southwestern Iowa from Missouri Tuesday evening, destroying many farm homes in Fremont and Page counties and killing Mrs. Will Finley of near Northboro, in Fremont county. The storm started near the little town of Watson, Mo., which was practically destroyed, but without loss of life. Several people were injured there, but none seriously. The cyclone then jumped into Iowa, destroying a schoolhouse near the Finley home, which was also completely demolished. It moved northeasterly, rising at intervals, until it dissipated itself about six miles west of Clarinda in the destruction of the Ford Herzberg farm buildings.

Caney, Kan., Suffers. Caney, Kan., May 14.—A severe storm struck this city at noon Wednesday, wrecking the plant of the Caney glass factory. Mrs. broke out immediately following and the plant is a complete wreck. S. J. Rhinhardt's store building was unroofed, the hall parlor and buildings were blown to pieces and several other buildings were damaged.

REJECTS KAISER'S DECORATION. Austrian Official Thinks It Was of Too Low Grade.

Vienna, May 14.—When Emperor William came here a few days ago to pay his respects to Emperor Francis Joseph on the occasion of his jubilee, he distributed decorations and orders on every hand. Among those thus honored was Dr. Weiskelmer, president of the lower house of the Reichsrath, who received the order of the Third Class of the Prussian Crown. Contending that the bestowal of this order was not a personal favor, but in reality a tribute to one of the country's institutions, Dr. Weiskelmer has returned the order through the foreign office to the German embassy. He protested that it ought to have been of higher rank, and not the grade commonly accorded to persons of the rank of police commissioner.

Remarkable Oklahoma Bill. Guthrie, Okla., May 14.—The house Wednesday accepted the senate bill demanded by the union labor people of the state, which is remarkable in that it provides that all business concerns must report their business in detail and total to the labor commissioner and gives the latter absolute power to fix wages.

Alleged Counterfeiters Caught. St. Louis, May 14.—Three ex-convicts were arrested here Wednesday by order of the federal authorities, on the charge of counterfeiting, and in the room which the police raided, at Spruce and Second streets, molds, machinery and a number of bogus coins were found. The prisoners are George H. Erdleka, alias Davine; W. A. Brewer and Hugh Chuders.

Judge Grosscup, May Resign. Chicago, May 14.—Judge Peter S. Grosscup's continuance on the federal bench was made a matter of doubt Wednesday by reports which started simultaneously in Washington and Chicago. They were to the effect that he was about to resign from the United States circuit court and practice law. He refused to discuss the rumors.

Killed at Incendiary Fire. Harrisburg Pa., May 14.—Two incendiary fires occurred in different sections of the city Wednesday night and at the second fire 121 Hoffman, a printer, was instantly killed by a fire which occurred at the lumber storage yard of the Harrisburg Rural Case company, and the second at Bower's Shash factory, half a mile away.

Attack on C. K. Eddy's Will. Detroit, Mich., May 14.—Suit to set aside the will of the late Charles K. Eddy, the Saginaw millionaire, was begun before United States Judge Swan here Wednesday by Mrs. Caroline Eddy of Woodstock, Ia., the widow. The defendants are the children of Mr. Eddy by a previous marriage, Walter S. Eddy, Arthur D. Eddy and Lila Eddy McCurdy.

Reclaiming the Sahara. Water is doing wonders for the Sahara. In the Wad Rir region 60,000 years ago there were only about 300,000 date palms where now much more than a million are cultivated; and the population, now 30,000, has quadrupled in a generation.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit, if it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

Delicate Women who suffer from sleeplessness, backache, or pain will find relief by taking Dr. Miles' Anti-Pain Pills. They are quick in action, relieving headache in a few minutes, while nearly every other form of pain yields to their soothing influence. A great many women have found that a few carried with them, insures immunity from suffering.

"I am one who has suffered for 13 years every month. For several years I took doctors medicine, until I gave up to suffer until death. One day when I was in great pain, Mr. Miles, for whom I was working, gave me a box of Anti-Pain Pills. At first I refused them but he insisted on my trying them a trial, and I must say they are the only thing that I ever took that relieved me without putting me to sleep. Last August I began to use them and to-day I am willing to say that I am cured as I had only one pill this month. I recommend them to women who suffer, and believe they can live without pain if they will take Dr. Miles' Anti-Pain Pills."

WEDDING IN THE CAPITOL.

Virginia Couple Choose Rotunda for Scene of Ceremony.

Washington, May 14.—The rotunda of the capitol Wednesday was the scene of a wedding in which Elroy B. Palmors of Trenton, Va., and Miss Lois M. Palmors of Goodland county, that state, were the principals. The couple, accompanied by Rev. Harry C. Spencer of this city, proceeded to the capitol building shortly after four o'clock and sent word to Speaker Cannon and Vice-President Fairbanks of their desire to obtain the necessary permission to be wedded within the building. The permission readily was granted and the ceremony was performed under the great picture of the surrender of Cornwallis.

Hundreds of visitors were in the rotunda at the time and enjoyed the unique proceeding. After the words had been pronounced which made the couple man and wife they rapidly departed.

EPISCOPAL CHURCH CONGRESS. Higher Criticism Discussed in Gathering at Detroit.

Detroit, Mich., May 14.—"The constructive value of the higher criticism" was the topic of discussion at the first session Wednesday of the Episcopal church congress, and the so-called higher critics and their friends seemed to be in a majority in the congress. The set program called for four addresses on the subject by Rev. Lorning W. Hutten of New York; Rev. E. N. Paddock of Allegheny, Pa.; Rev. Lester Bradner of Providence, R. I.; and Rev. H. E. W. Foshrook of Nashville, Wis., and there were also several speakers on the subject from the floor of the congress.

Minnesota Physician Honored. Cincinnati, May 14.—Dr. Arthur L. Kilbourne of Rochester, Minn., was elected Wednesday president of the National Medico-Psychological association.

Plan for
Summer Comfort

Don't add the heat of a kitchen fire to the sufficient discomfort of hot weather. Use a New Perfection Wick Blue Flame Oil Cook-Stove and cook in comfort.

With a "New Perfection" Oil Stove the preparation of daily meals, or the big weekly "baking," is done without raising the temperature perceptibly above that of any other room in the house.

If you once have experience with the

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

you will be amazed at the restful way in which it enables you to do work that has heretofore overheated the kitchen and yourself.

The "New Perfection" Stove is ideal for summer use. Made in three sizes and all warranted. If not at your dealer's, write our nearest agency.

The **Rayo Lamp** gives perfect combustion whether high or low—therefore free from disagreeable odor and cannot smoke. Safe, convenient, ornamental—the ideal light. If not at your dealer's, write our nearest agency.

"Exhilarating and Healthful"

It is (in the hot summer months) to spend a few weeks where the ocean breezes blow, particularly if the regular comforts and necessities of civilized life, including a really good malt and hop beer like

Gund's Peerless Beer

are to be had. This famous beer, brewed with sterling honesty, foams with life, sparkles with strength, and the very taste of it is a pure delight. Every bottle of it is warranted to stand any climate, being fully aged and mature. Its aromatic taste and delicious mellow fragrance make it "peerless" in every respect. "Peerless" does not create thirst, but quenches it. "Peerless" is brewed by the "Gund Natural Process" from the best hops and barley in the world. It is a pure, wholesome, sparkling beverage. Bottled at La Crosse only. Sold everywhere by reputable dealers. Write, phone or call if you want for your home the best bottled beer that is to be had.

Money-Making Ways of Using Want Ads

To Get a Room or Roomer

If you are hunting for a Room you want one as near as possible—like Home. There are many such in this city. But they don't have signs in the window and make a "bid" to all classes. The refined, cultured people who have Rooms to Rent, use little Want Ads on our Classified page under the heading "Rooms—For Rent." If you want a select, quiet Room, read over the places offered in this column for a few days. Or, to get quicker results, write a little ad telling the kind of Room you want, and insert it under the heading "Rooms Wanted." You will then get in touch with just what you want. And it pays to go to this little expense—but a few cents—for clean, wholesome surroundings count much. The examples will give you a suggestion.

EXAMPLES

ROOM WANTED—BY YOUNG WOMAN, WITHIN \$10 in the city. Must be quiet, clean, and near park, convenient and modern. Will pay well for good place. Address 12-18, Thirdville.

ROOM—FOR RENT. WE HAVE TWO NEAT modern rooms with all the comforts of home, that we will rent to gentlemen of refinement. Price \$5.00 each weekly. Address 17-19, Thirdville.

THREE LINES, THREE TIMES, TWENTY-FIVE CENTS

We Americans are an impatient people. When we WANT things we MUST have them. And we are willing to work for them. We are SELF-MADE. This principle is the vital one back of our Classified Want Ads. They SUPPLY what you WANT—and get it in the way that you ASK for it. Powerful LITTLE things—our Want Ads. But they do the BUSINESS—for YOU.

ROBINSON FURNACE THOROUGHLY TESTED.

The Robinson Tubular Furnace is constructed on correct and thoroughly tested principles with the single aim of giving the greatest amount of heat from the smallest amount of fuel.

Just how well it does this, can be determined only by your actual experience or that of others.

The recommendation which it has received should prove of practical interest to you.

It will pay you to investigate thoroughly before buying a furnace, because you will probably never buy but one in a life time.

Pay me a visit at the New Tin Shop and I will demonstrate this furnace to you.

PEA CANNING FACTORY

Is Being Built in Spring Brook An Addition to the Present Factory.

During the past two months under the superintendency of General Manager F. H. Hohenadel of the Hohenadel Canning Co., that company has been erecting a pea canning plant capable of turning out ninety thousand two-pound cans of peas in a day. The factory is built on the west side of and adjoining the old canning factory. The main building is built of silica brick and is one hundred and twenty-six feet by forty-four feet, the main floor of which will be used for canning work and the basement, for storage.

On the west side of this building is the viner shed which has a cement floor and a roof but no walls. It is eighty by thirty-four feet in size. The entire plant represents an investment of twenty-five thousand dollars exclusive of the machinery which cannot be purchased but which has to be rented, and when running will employ one hundred and fifty hands.

Method of Canning.
The peas are brought in by the farmers and are hauled into the viner shed where they are pitched into the threshers or viners, viner and all. These viners remove the vines and shake the peas which are then carried into the factory by a conveyor.

The vines are carried out to the end of the shed by a second conveyor and are taken by the farmers for feed. These vines are made by the firm which owns the patent and this firm will sell none of them but merely rent them, receiving a royalty of so much per ton, according to the amount of peas which are threshed by them. From the viner the peas are run through the graders which grade them according to size and then through the washers which remove all the split peas and all impurities and dirt. The factory will turn out twenty-six grades of peas ranging from the best to the lower grades according to size. The next step in the process is to run the peas through the blancher which is a shallow iron tank 26 by 6 by 3 feet where they receive the first cook. Then they are put through more washers. These washers resemble squirrel cages and revolve, allowing the smaller peas to drop through the holes in the sides.

One of the most intricate machines used in the process is the one which fills the cans. The peas are dumped into a hopper and run down into cans on a revolving wheel, each pea dropping in each cup to fill one can. As the wheel revolves further the proper amount of brine is poured into each cup and the whole cup full is finally dropped into the can filling it just to the brim. From there the cans are run through a machine which seals them and afterwards they are tamped and the labels put on.

New Machinery.
All of the machinery in the factory is of the newest and most recent pattern and represents a large outlay of money.

Wisconsin Pea Best.

Wisconsin peas have the reputation of being the best in the United States as the limestone which forms so large a part of the rock in this state is just what is needed to raise good peas. The canning company has contracted for and will raise themselves about six hundred and fifty acres of peas for this season's run and the entire output of the season will be about 10,000 cases of two-pound cans with two dozen cans in a case.

This Year's Run.
The season for canning peas will begin about June 1st and the peas being ready to harvest sixty days after being put into the ground. From the middle of June until the first of August the factory will be in full operation and then until December first will be the krait season. On Monday next the factory will begin to can about ten thousand cases of krait which has been stored in tanks in the factory since last season.

A WANT AD BROUGHT THE MOTHER HOME

Strange Happening in the Everyday Life of the City—Family Rejoices.

One of those so-called tales of desertion of a little family by a cruel and unkind mother, suffering and wandering in the wake of her absence, the tiny babies crying for food, and a want ad in the Gazette told a tale which was recently enacted in Janesville. But a few days ago an addition to a small family in the city arrived in the shape of what the mother might have termed unwelcome guests. Deserting her little family, she wandered out into the wide world to forget her troubles in the delight of freedom. In her wake she left suffering and worry. Her absence inflicted hardship upon all. Her cruel desertion was unequalled for and kind hands ministered to the bereft babies. Then in desperation the following want ad was inserted in the Gazette and with-

SMITH'S PHARMACY.

In an hour after the publication of the paper the mother was restored to the bosom of her little family and quiet and peace reigned. Five little heads were snuggled close to Mamma and five little pairs of thanksgiving might have been heard. Signs of satisfaction from the human members of the household who the weary mother had administered life-saving fluids with a fountain pen dropper. The efficiency of the want ad was proven. If you do not believe it ask the five little members of the family once again snuggled.

CONFIRMATION AT TRINITY CHURCH

Harry Schumacher was received into Membership Last Evening—Bishop Webb's Sermon.
The Right Rev. W. W. Webb, Bishop of the Milwaukee diocese, administered the rite of confirmation at Trinity Episcopal church last evening. Harry Schumacher was the only one of a class which originally consisted of seven young men, to be received into the congregation of which Rev. Henry Willmann is pastor. Illness in the case of Anthony Penner and various other contingencies interfered with the plans and expectations of the organizing class. The Bishop delivered a eloquent sermon from the text: "Be Ye Like Witnesses unto Me."

MACHINE CO'S OWN FIRE DEPARTMENT

Thirty-two Employees Are to Be Drilled for Prompt Action and Alarm System Installed.
Emulating the example of other large institutions of the kind, the Janesville Machine Co. has decided to organize thirty-two of its employees into a volunteer fire department. A local alarm system will be installed and the city council, through the highway committee, has already authorized the erection of a brick structure on Center street to accommodate a good-sized hand hose cart. As heretofore, the city department will of course be depended upon in emergencies, but the amateur organization at the seat of trouble, by prompt work in supplementing its efforts, will be able to lend valuable service.

BAINES' NEW LEAF TOBACCO WAREHOUSE

Will Be Entirely of Cement and Will Cost \$12,000—Contract Let to Fond du Lac Man.

Contractor Fred Little of Fond du Lac has been awarded the contract of building the new \$12,000 tobacco warehouse to be erected on Madison street by Frank S. Baines. The structure is to be one story in height, 80 feet square, and entirely of concrete. It will be fire-proof, no wood whatever being used in its construction, and the first of its kind erected in the state for leaf storage. The site adjoins that of the present Indiana warehouse. There will be a division wall of concrete in the center, creating two sections with an aggregate capacity of 4,000 cases.

USE LARGE SPACE IN ADVERTISING.

A big object is seen quicker than a small object.

An elephant makes more impression than an ant.

A sledge hammer accomplishes its purpose when a tack hammer would fail.

When sailors fish for sharks they use heavy tackle.

The user of large space works in harmony with great natural laws.

When a class advertiser is sure of the character of his audience he gets right down to his selling talk.

And, to deliver the kind of talk that clinches sales, you must have room.

If you had a process to cure deafness, and was permitted to describe your process once to ten thousand deaf people, you would not give them one-tenth part of the necessary information.

You would seek for the immediate and direct sale, by telling them all about it.

Small space is all right when doubt exists as to the character of the audience you are addressing; but when you have your audience interested in your goods, strike out. Sell them.

Use your space in your newspaper right.

The man who can afford to take a page in this newspaper and doesn't is simply trifling with his opportunities.

The man whom necessity compels to use an inch of space is doing the best circumstances permits him to do.

EASTERN STAR HELD ENJOYABLE BANQUET

Evansville Order Entertained One Hundred and Eighty Guests on Wednesday Evening.

Evansville, May 13.—There were about one hundred and eighty present at the banquet given by the local chapter of Eastern Star last evening, over one hundred of that number being visitors from neighboring chapters. It was crowded to have been the most largely attended and pleasant meeting of the kind ever held here. The hall and festive board looked very attractive, having been elaborately decorated with spring flowers, mainly apple blossoms and tulips. At six-thirty a beautiful and exceedingly tempting repast was skillfully served to the numerous guests. Mr. and Mrs. Chas. Bartlett of the Central hotel had this part of the program in charge, and the Knott & Hatch orchestra in the meanwhile entertained some of their best music.

Mrs. O. C. Colony was toastmistress and filled the position in her usual light and capable manner. Mrs. Monahan, past worthy grand matron of Wisconsin, from Burlington, and Mrs. Dwyer, grand associate mistress of Janesville, were present and responded to toasts. Responses were given to the various chapters as follows: To Footville—Mrs. Niles of Footville; Janesville—Mrs. Brown of Footville; Coalsville—Mrs. Wackman of Oregon; Brookfield—Mrs. Savage of Coalsville; Oregon—Mrs. Carle of Janesville; the Eastern Star—Rev. D. O. Grabbill of Evansville. The toasts were all exceptionally fine and very much enjoyed. The readings by Miss Elva Hubbard of Evansville and Miss Zoe Cory of Footville were decidedly pleasant features of the entertainment and the solos by Mr. Hatch pleased all.

Mrs. E. M. S. Hawley is entertaining her nephew and wife, Mr. and Mrs. A. F. Stearns of Oakland, Oregon, who are making a trip east and south and will stop here only a short time. Their daughter, who has been attending school in Virginia, will accompany them home.

A. C. Gray is spending Tuesday, Wednesday and Thursday in Janesville attending a meeting of the county board.

Mrs. Charles Cummings and Mrs. Frank Van Wart of Beloit are visiting local friends today.

Twilight club tomorrow afternoon and evening.

Mr. and Mrs. Geo. Ditts came up from Janesville yesterday to attend the Star banquet last evening and remained for a short visit to relatives. They were accompanied by D. Nichols.

E. W. Lowell of Janesville transacted business in Evansville today.

Mrs. Floek of Brookfield is spending a few days with her sister, Mrs. A. E. Turner.

Dr. M. L. Ewing went to Milwaukee yesterday to attend a meeting of the Homeopathic Medical association.

Miss Helen Beebe of Beloit is here for a short visit to Mrs. Arthur Devine.

Miss Ruth Winston and her friends, the Misses Mildred Davis and Edith Hicke, returned to their duties at Beloit college last evening, having visited here several days at Miss Winston's home.

MADISON PARKS ARE MUCH COMPLIMENTED

The Municipal Engineering Magazine Writes of the System in Vogue at Capital City.

Madison's Park and Pleasure Drive Association and their work is the subject for an interesting article in the Municipal Engineering Magazine. It will be remembered that the Madison association had not so good a beginning as has the Janesville association so that in time we may expect Janesville to receive equal prominence. The article says in part: "The park system of Madison, Wis., is unique in that it is the result of private effort rather than of public expenditures. The Madison Park and Pleasure Drive association was formed about 1892 and has raised by private subscription each year amounts ranging from \$555 in 1894 to \$3,501 in 1906, or a total for 15 years of a few cents more than \$48,000, an average of \$3,200 a year. The public has become so accustomed to this method of raising funds that postal card notices bring in \$5,000 a year, with card notices bring in \$5,000 a year, with no further solicitation.

"Besides the goodly sum above named the railroads have contributed \$55,000 for stream improvement and other work of the association and various persons have contributed money for land, bridges,

Pay the Price

Don't let anybody convince you that the cheapest beans are best

We pay \$2.10 per bushel for the beans that we use. Yet beans can be bought as low as 30c. Ours are picked out by hand from the choicest Michigan beans, to get only the best. We spend exactly five times as much to make our tomato sauce as the price of other sauce ready-made. That's why some brands sell for less than Van Camp's.

The best beans are most economical. You'll serve them in place of meat

Cheap beans are not wanted often. Van Camp's can be served every day. Think what that will save you in labor. Think what it will save on your meat bills. Beans are Nature's choicest food—84% nutriment. Get beans with our nutty flavor—beans with our sparkling zest—and you'll find that you can't serve enough of them.

Van Camp's pork and beans baked with tomato sauce

You regard beans as heavy food, hard to digest, simply because you try to bake them at home. Beans, to be digestible, must be factory cooked. The heat of your oven can't break down their fibre. The fierce heat of our oven does. Then we bake in live steam, thus the beans are left whole. That's why they are nutty and meaty.

You don't know how good baked beans can be until you know Van Camp's

We get our delicious blend by baking the beans, the tomato sauce and the pork all together—for 90 minutes. There are brands that cost less, yet pay your grocer more profit. He may want you to try them. But you will never be satisfied with other beans—home baked or factory baked—when you once taste Van Camp's.

FORTY YEARS AGO

Janesville Daily Gazette, May 14, 1868.—Meeting of the Council.—At a meeting of the Common Council, held last evening, among other business the question of the First Ward school house was discussed. Alderman Milburn was not prepared to vote for an order authorizing the issue of bonds to pay for the schoolhouse. He moved the adoption of the following order as a substitute for Alderman Graham's order.

Ordered, That the Board of Education be instructed to receive sealed proposals for the erection of a school house in the First Ward, in accordance with the plans submitted by said Board of Education, finished and furnished complete, together with the cost of grounds and their location. The motion prevailed.

Impeachment.—The excitement among the republicans in this city over the impeachment question, has been very great since Tuesday last, and has brought back the recollection of the time of Bull Run and the calls for "three hundred thousand more." The indignation felt and expressed toward those Senators who have refused to come to the help of the people against the mighty in this great national emergency, is much more emphatic than polite, but is only in accord with the sentiment which is universal throughout the length and breadth of the land. The republicans of Wisconsin have never been more generally agreed upon any public question, than they have been upon the justice and necessity of impeaching Andrew Johnson, and their regret that it should fall for any cause whatever, is shared alike by everyone of them.

Washington, May 14.—Senator Howard's condition is unchanged. He spent a restless night and was at times delirious.
